EDUCATION **Honors Sc.**, WorldQuant University (January 2019 - September 2019)
Major: Machine Learning and Statistical Analysis
B.Ed(Arts), Egerton University, Njoro-Kenya (September 2013 - June 2017)
Major: Mathematics and Geography
Associate, [University of Notre Dame](#) (September 2017 - January 2018)
Major: Geographic Information Systems.
Associate, [Harvardx](#) (February 2018 - January 2019)
Major: Climate Energy

TECHNICAL SKILLS Software including: Git, SQLite, Tableau, PowerBI, QGIS, ArcGIS, Anaconda, Android Studio, Blender, Inkscape.
Packages including: Python, SciKit, sklearn (contributor), pandas, NumPy, plotly, SciPy, matplotlib, folium, Streamlit, Django, EspoCRM, Frappe Framework. $\text{\LaTeX}$

INTERNATIONAL EXPERIENCE **International Federation of the Red Cross Red Crescent Societies (IFRC)** Chad
(Hybrid)
Regional IM Coordinator - Sudan Crisis (January 2026 - Present)
Responsible for leading (coordination and products) the Information Management in support to National Society and Movement partners.
For large-scale emergencies, leading the coordination and streamlining of Information Management within the operation.

International Federation of the Red Cross Red Crescent Societies (IFRC) Abuja, Nigeria
Mapping and Data Visualization Officer (June 2025 - September 2025)
• Mapping and Data Visualization products : Curation of crisis affected area geo-database; liaising with Geneva IM Unit and SIMS in regard to remote sensing analysis and products; Support to primary data collection design, implementation and reporting through GIS-based analysis; document, archive and handover GIS data and analytical processes.

Kenya Red Cross Society (KRCS) UGANDA
Cash Voucher Assistance Information Management Officer (June 2022 - July 2022)
• Cash Voucher Assistance Information Management Training : Delivery of a CVA-IM training to the Ugandan Red Cross Society CVA, IM, and PMER teams.

TECHNICAL EXPERIENCE **Kenya Red Cross Society** Nairobi, Kenya
Information Management Officer (January 2024 - Present)
• Data Collection and Analysis : I collaborated with Programme teams (Operational Disaster Management, Global Fund, Research Hub (ICHA)) through Monitoring Evaluation Accountability and Learning department to identify data needs and data collection tools and methodologies.
I supported in Collecting, Cleaning and Validating data from various sources (ODK, Microsoft Forms, Google Forms) to ensure accuracy and reliability.
I analysed data using Statistical (Python, Excel) and Data Visualization techniques (PowerBI, Tableau, Streamlit) to extract meaningful insights for the senior management teams.

I prepared reports and presentations based on the analysed data to facilitate showcasing and publications of work done by different projects.

- **Information Management Systems :** I maintained and updated Information Management Systems (Such as the RedRose and 121 platforms which are beneficiary management platforms for delivering Cash Voucher Assistance interventions on developing Vouchers and Disbursing Cash directly respectively) and DataBases (SQLite3) to ensure data integrity and accessibility.

I developed and implemented data storage and archiving procedures in compliance with organizational policies and Standards.

I also provided trainings and support to staff on using information management systems effectively.

- **Information Dissemination :** I designed and produced information products (Maps, Charts and Dashboards) to visualise and communicate to stakeholders.

I coordinated with public relations and communications department to disseminate information through various channels (X previously called Twitter, Institutional website and magazines, ReliefWeb, and LinkedIn).

- **Capacity Building and Coordination :** I conducted capacity-building, workshops and trainings activities (HQ, Regional and Special Refugee settings) to enhance staff and volunteer skills in information management and analysis.

I collaborated with internal and external (including UN agencies) partners to share information to facilitate regional reporting, best practices and lessons learned.

I also participated in coordination meetings and working groups to contribute to the development of information management strategies and standards.

Kenya Red Cross Society

Nairobi, Kenya

Cash Voucher Assistance Information Management Officer

(March 2021 - Dec 2023)

- **Consultation:** I supported regional countries (Uganda, Ethiopia, Zimbabwe) to advocate for Information Management, tools options, analysis of data needs in programme Standard operating procedures

- **Training:** I facilitated and supported in providing training to introduce concepts and Training for Specific Information Management skills in cash context including Market Assessments.

- **Operational Support:** I dedicated and provided direct assistance to deliverables in programming operations.

I supported in conducting Market Assessment (Pre-Crisis Market Assessments, Operational Market Assessments)

- **Monitoring and Evaluation:** I facilitated and provided support during lesson learning and experience sharing to benefit the wider Red Cross Red Crescent Network.

- **Data Literacy:** I provided practical guidance or advice on data protection in Cash Voucher Assistance (CVA) related to the IFRC policy.

I facilitated data literacy workshops for CVA, advice on data considerations in Cash SoP's.

- **Data Collection:** I provided technical support for KoBo Toolbox/ODK server set-up and forms creation.

I designed survey forms (Assessment, Market Monitoring, beneficiary registration and identification)

- **Data Management:** I supported in the design of beneficiary database to register and monitor CVA interventions.

I supported in analysing programme progresses and Set-Up of RedRose data management platforms.

I aided in the use of digital communications for Post-Distribution Monitoring

I would provide advice on digital payments and integration with data management.

I aided in providing support for audit and data security.

- Data Visualization: I would design and assist in developing dashboards, reports, maps, to indicate programme status and progress
I designed and developed Visualization for Community Engagement and Accountability.
I facilitated basic training on Visualization tools such as PowerBI, Tableau Excel graphs.
- Data Analysis: I designed and develop tools to analyse markets, socio-economic indicators and other sectoral inputs.
I assisted in analysing assessment data, response analysis, transfer value, targeting, programme progress and impact.
